

Turn down the heat on your budget with LLumar window film.

LLumar is equally suited to new construction and home remodels. And by eliminating hot and cold spots and reducing annoying glare, LLumar can make any home more comfortable and inviting.

**Preserve your decor, as well as our planet.**

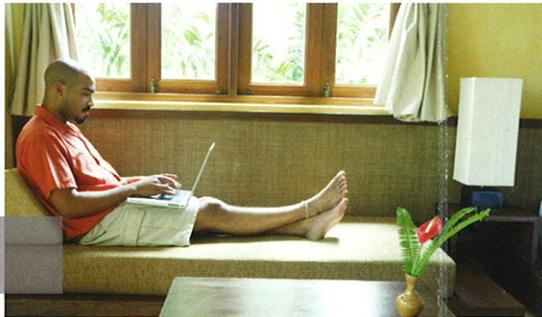

Ultra-clear and distortion free, LLumar ensures that nothing comes between you and the views you cherish. By blocking up to 99% of the sun's ultraviolet rays, LLumar protects your furnishings from premature wear and fading even as it protects our environment by reducing CO<sub>2</sub> emissions.

**Choose a brand you can trust.**

Whether you live in a house, apartment, condo, or flat, LLumar is the natural choice for lowering energy costs and improving comfort. With a patented scratch- and corrosion-resistant coating, LLumar is virtually maintenance-free. Simply clean treated windows as you would any other. Installation is quick, with minimal disruption to your home or routine. Backed by a manufacturer's warranty, LLumar is available through a worldwide network of authorized dealers.

To find a dealer near you, visit [www.llumar.com](http://www.llumar.com).

Providing beauty, warmth and natural light, windows can make a home. They can also break your energy budget. As much as 50% of a home's energy use is lost to solar heat gain in summer and heat loss in winter. By rejecting solar heat from the outside, LLumar Energy Saving Window Film can lower cooling costs by up to 50%.

**You'll see and feel the difference.**

More effective than tinted glass, more affordable than replacement windows,

Blocking 99% of damaging ultraviolet rays, LLumar solar control films offer up to 84% solar energy heat rejection and glare reduction to protect interiors and occupants.

LLumar keeps homes cool and cuts energy costs by up to 50%.
